***KAMP KESSA**

Kamp KESSA serves youth at risk and youth with special needs using horse and wilderness facilitated human development approaches. Please check out our web site www.kampkessa.org or call Dr. T at 502-376-4367 for more information or fax your application (found on line) to 502-747-8041.

We'd like to invite you to enroll early for summer camp sessions and save \$50.00 if you enroll before May 1st.

Camp Hendon, sponsored by the American Diabetes Association, offers a traditional residential camping experience to children ages 8-17 with both type 1 and type 2 diabetes. Camp is located at Camp Crooked Creek in Shepherdsville, Kentucky from July 23-29, 2006. Activities offered include: arts and crafts, archery, exploring nature, team building courses, a talent show, dance and carnival. There is so much to do at camp, that every child has the opportunity to have fun and learn something new. Each year Camp Hendon provides safe, medically managed and fun activities to its campers. Children who attend learn diabetes management skills through "teachable moments" in which learning diabetes management skills occurs. Most parents say that Camp Hendon is quite possibly one of the very best things that they can provide for their child with diabetes, from socializing with others that have diabetes to just being a kid and having fun in the outdoors. Financial assistance and payment plans are available.
